

You have an upcoming appointment with Dr James Scorer. Please read the information below carefully, as it is important prior to your appointment.

**Supporting documents:**

Please email any relevant supporting documents before your appointment. This may include, but is not limited to, school reports, specialist reports, and NDIS documentation. Our email is: [reception@currimundifamilydoctors.com.au](mailto:reception@currimundifamilydoctors.com.au)

**Food in consulting rooms:**

Please do not bring food into the appointment. Dr Scorer consults with children who have allergies, and food in the room may pose a risk to other patients.

**Attendance at the appointment:**

Where possible, please bring only the child booked for the appointment. We understand this may not always be practical; however, limiting additional attendees helps Dr Scorer complete a comprehensive assessment with minimal distraction.

**Referrals and Medicare rebates:**

Please ensure you have a current referral to be eligible for Medicare benefits. Referrals are valid for 12 months from the date of your first appointment.

Dr Scorer looks forward to meeting with you and your child.
